Broken Glass Beauty IV

## Picture Description<sup>1)</sup>

An abstract photograph featuring blurred turquoise and white hues, with light streaks and a speckled texture.

## Analysis<sup>1)</sup>

This photograph is an abstract exploration of light and color. A palette of soft blues and teals blend together, creating an ethereal, dreamlike atmosphere. Two striking white diagonals intersect the composition, adding a sense of structure to the otherwise fluid and amorphous forms. The use of blurred effects and bokeh-like circles evoke a feeling of shimmering, watery depths or perhaps the play of light through a crystalline surface. The piece is simultaneously calming and stimulating, inviting the viewer to find their own interpretation within its abstract forms.
