Sky above Zurich

Picture Description¹⁾

Two images of airplanes leaving contrails in a colorful sky at sunrise or sunset.

Analysis¹⁾

This diptych captures the fleeting beauty of aviation against the backdrop of a vibrant twilight sky. In the left panel, a jet soars diagonally, etching a bright contrail across a canvas of deepening pink and purple hues, punctuated by streaks of atmospheric clouds. The right panel presents a similar scene, but the jet ascends vertically, its contrail piercing through a sky streaked with horizontal bands of radiant pink, creating a sense of upward movement and boundless possibility. The two images, when viewed together, offer a contemplation on the ephemeral nature of flight and the breathtaking canvas of the sky.
