Yellow Bandage

## Picture Description<sup>1)</sup>

An up-close shot of a cracked yellow road marking on a black asphalt surface.

## Analysis<sup>1)</sup>

An abstract, close-up perspective of a section of road. A thick, orange painted line dominates the composition, set against the contrasting dark, rough texture of the asphalt. The line appears aged and worn, with visible cracks and fissures adding depth and character. The granular surface of the asphalt and the eroded paint contribute to the image's tactile quality, drawing the viewer in for a closer inspection of the overlooked details of the urban landscape.
