

# 003145

Lamps on Cyan

## Picture Description<sup>1)</sup>

A dramatic low-angle shot shows silhouettes of buildings and trees against a turquoise sky, with prominent power lines and a central streetlight.

## Analysis<sup>1)</sup>

This striking composition captures an urban landscape viewed from an unusual perspective, likely looking straight up. Silhouetted against a teal sky are architectural forms, suggesting buildings, and the delicate branches of trees. Wires crisscross the frame, intersecting at points marked by dark circles, adding a layer of geometric complexity. The high contrast and monochrome palette contribute to a dramatic and slightly surreal atmosphere, inviting the viewer to consider the familiar from a new and disorienting angle.
