

003178

Windows on White

Picture Description¹⁾

An out-of-focus close-up of a strip of film negatives against a white background.

Analysis¹⁾

This abstract photograph features a blurred, diagonal arrangement of dark blue rectangular forms separated by crisp white lines. The composition creates a sense of depth and movement, inviting the viewer to contemplate the interplay of color and form. The out-of-focus effect softens the photograph, lending it a dreamlike, ethereal quality.
