Geometry II

## Picture Description<sup>1)</sup>

Abstract photograph with red textured geometric shapes and blue lines on a black background.

## Analysis<sup>1)</sup>

This abstract composition features stark contrasts and bold shapes. Diagonal swathes of textured red, reminiscent of distressed metal or geological strata, cut across a deep black field. Intersecting and paralleling these red formations are vibrant blue lines, adding a sense of dynamism and tension to the piece. The work plays with depth and texture, creating a visually stimulating and slightly unsettling experience for the viewer.
