Glass Walls I

Picture Description¹⁾

A low-angle shot of a tall building with rows of balconies, some featuring decorative panels.

Analysis¹⁾

This photograph captures the facade of an apartment building, focusing on the rhythmic repetition of balconies that recede into the distance. Each balcony is adorned with a unique screen, presenting a variety of patterns and colors that disrupt the uniformity of the architecture. The photograph plays with perspective, emphasizing the lines and planes of the building while subtly hinting at the individual lives contained within.
