Ulm Colored Flag XI

## Picture Description<sup>1)</sup>

A black and white striped banner hangs from a pole against a cloudy sky, with trees visible at the bottom.

## Analysis<sup>1)</sup>

This photograph captures a black and white striped flag hanging limply from a tall, white flagpole against a backdrop of a partly cloudy sky. The flag, which appears to be made of a light fabric, is only slightly ruffled by the wind and has the appearance of being draped rather than waving freely. Below the flag, the tops of green trees and foliage add a touch of natural color to the scene, framing the composition at the bottom. The black and white color scheme of the flag, coupled with the muted colors of the sky and greenery, gives the photograph a somber yet striking aesthetic.
