On Lights I

## Picture Description<sup>1)</sup>

A pigeon perched on top of a street lamp against a bright sky.

## Analysis<sup>1)</sup>

A pigeon perches regally atop a weathered, white street lamp. The bird, rendered in shades of blue and gray with hints of iridescent purple around its neck, gazes confidently into the distance. The lamp's aged surface, marked by smudges and imperfections, contrasts with the crisp, bright sky in the background, creating a sense of urban realism and highlighting the pigeon's adaptive presence within the cityscape.
