Barred to Traffic

Picture Description¹⁾

A pathway is blocked off with a barricade and a sign indicating it is closed to bicycles and pedestrians starting from February 4, 2020.

Analysis¹⁾

A photograph showcases a barrier blocking a paved path, with a sign indicating the path is closed to both cyclists and pedestrians. The sign, in German, reads "gesperrt" (closed) and specifies that the closure began on February 4, 2020. The barrier is a standard orange and white striped construction barricade. The background features greenery, a paved path winding into the distance, and a large, modern building in the distance. The sky is blue with a faint contrail overhead. The overall impression is one of urban infrastructure and planned route modifications or construction.
