

# 011105

Johannes Kepler II

## Picture Description<sup>1)</sup>

A low-angle shot features a monochrome mural of a face painted onto a brick wall, with the eyes dominating the composition and a splash of pink adding a touch of color.

## Analysis<sup>1)</sup>

This striking photograph captures a mural painted on a brick wall, featuring a pair of intensely gazing eyes. The interplay of light and shadow, combined with the coarse texture of the bricks, adds depth and dimension to the artwork. A vibrant pink hue bleeds into the composition on one side, providing a bold contrast to the otherwise monochromatic palette of grays and blacks. The overall effect is both captivating and thought-provoking, inviting the viewer to contemplate the emotions conveyed by the unseen face behind the eyes.
