Plastic Art I

Picture Description¹⁾

A close-up, high-angle shot of a tightly woven wicker or cane material forming a geometric pattern of small holes and overlapping strands.

Analysis¹⁾

This photograph captures a detailed close-up of a cane webbing pattern. The monochrome palette emphasizes the intricate design, highlighting the geometric precision of the interwoven strands. The repetition of small circular openings creates a rhythmic texture, playing with light and shadow to add depth to the photograph. The angle of the shot enhances the perspective, drawing the viewer into the complex structure of the woven material, evoking a sense of craftsmanship and traditional artistry.
