Abstract composition with angular shapes in warm tones and stark contrast against a white background, framed by a black border.

Analysis¹⁾

This abstract piece features stark geometric forms rendered in a high-contrast palette of white, orange, and black. The composition is dominated by sharp angles and fractured planes, creating a sense of dynamic tension. The limited color range emphasizes the interplay of light and shadow, lending the work a dramatic and enigmatic quality. The photograph is presented within a simple black border, further accentuating the bold forms within.
