Lipstick I

## Picture Description<sup>1)</sup>

A high-contrast black and white profile of a person applying lipstick.

## Analysis<sup>1)</sup>

This high-contrast, black and white photograph presents a dramatic close-up of a person's face in profile. The sharp contrasts create a stark, almost sculptural quality, emphasizing the contours of the nose, lips, and cheekbones. The focus is primarily on the texture of the skin and the delicate details of the eye and eyelashes. An earring is visible, adding a touch of modernity. The overall effect is both intimate and arresting, drawing the viewer into a quiet contemplation of form and shadow.
