Bahnhofstrasse XIII

## Picture Description<sup>1)</sup>

A selectively colored photograph of the reflection in a window showing a Swiss flag and the name 'Sprungli' with a street sign reading 'Bahnhofstrasse'.

## Analysis<sup>1)</sup>

This photograph captures a striking urban scene, primarily in black and white with a selective splash of vibrant red. The composition features a building's facade, with a 'Bahnhofstrasse' street sign prominently displayed on the left. The architecture is mirrored in the large glass window that dominates the center, creating a layered and reflective effect. The window's reflection includes buildings, foliage, and most notably, the Swiss flag, adding a strong cultural element. The limited color palette emphasizes the red of the flag, making it the focal point and drawing the viewer's eye into the intricate interplay of light and shadow.
