Self Grey II

Picture Description¹⁾

A shadowed figure with a hat stands with a raised fist against a plain background.

Analysis¹⁾

This black and white photograph captures the stark shadow of a person against a light gray background. The figure, positioned on the right side of the frame, is seen from the back. They are wearing what appears to be a hat and their right arm is raised, forming a fist. The shadow's edge is slightly blurred, adding depth to the photograph. The composition is simple yet striking, emphasizing the contrast between light and shadow and evoking a sense of mystery and perhaps even defiance.
