Minster Distorted I

Picture Description¹⁾

Abstract, distorted view of a building against a blue sky, possibly reflected in glass.

Analysis¹⁾

This abstract work, rendered in a palette of earth tones, blues, and stark whites, presents a distorted architectural scene. The vertical lines, elongated and warped, suggest a cityscape reflected in rippling water or perhaps viewed through a shattered pane of glass. The interplay of light and shadow creates a dynamic tension, drawing the viewer into a fractured reality where familiar forms are dissolved and re-imagined. The piece evokes a sense of fleeting moments and the ephemeral nature of perception.
