A stark black and white photograph captures a gargoyle figure silhouetted against a bright window, with a cross in the foreground and a cityscape visible in the distance.

## Analysis<sup>1)</sup>

This black and white photograph captures a dramatic scene framed by a window. A gargoyle, silhouetted against the bright, hazy cityscape beyond, leans forward as if peering into the distance. Below, a wrought-iron cross stands sentinel, its form mirroring the angular lines of the window frame. The composition skillfully uses light and shadow to create a sense of mystery and foreboding, inviting the viewer to contemplate the unseen forces at play.
