Three Wagons

## Picture Description<sup>1)</sup>

A high-angle, black and white shot captures multiple train tracks converging towards the horizon, interrupted by wooden platforms and with trains visible in the distance.

## Analysis<sup>1)</sup>

This black and white photograph presents a high-angle view of numerous parallel train tracks converging towards the horizon. The tracks are punctuated by sections of light-colored wooden planks, creating a stark contrast against the dark gravel and railway ties. A train car or building is visible on the left, while a bridge structure arches over the tracks in the distance. The composition emphasizes perspective and linearity, drawing the viewer's eye into the vanishing point.
